CERTIFICATE OF ANALYSIS

Overall Result: The sample COMPLIES as per above Specification.

CONCLUSION

The Liposomal 'Vitamin C' Capsule (Batch No. CF325002) was analyzed in accordance with the standard test procedures stipulated in STP/FP/III/048-00. All parameters tested, including physical description, identification by HPLC, disintegration time, content uniformity, assay, microbial enumeration, and tests for specified micro-organisms, were found to be within the prescribed acceptance criteria.

The present product is assessed as complying with the requirements in the course of the tests carried out.
